

# Constable VAT Consultancy LLP

## Position of Trainee VAT Consultant

### CVC background

CVC is a four-partner firm based in Dedham, Essex that specialises in VAT consultancy. Further details on CVC can be found at [www.ukvatadvice.com](http://www.ukvatadvice.com).

### What we offer

Trainees are offered a starting salary of up to £24,000 with 20 days leave (exc. Bank holidays). CVC will also meet the costs of training towards your professional qualifications and provide study leave for courses.

### What we need

Candidates will be expected to obtain at least 3 A Levels (grades B and above), and possess 8 GCSEs, including Maths and English. The job will require good communication skills and candidates must have the ability to build strong client relationships and work as part of a team. A driving license is not essential but would be beneficial. Perhaps the most important quality we are looking for is commitment. The examination for membership of the Chartered Institute of Taxation is extremely challenging and even an academically strong candidate will struggle unless he/she is highly motivated.

As regards the skills you will aim to develop, a trained consultant must have strong analytical ability and the expertise to apply complex laws to individual circumstances. An ability to argue persuasively on points of ambiguity and to apply tax law in a commercial context are also important.

### Training

Working for CVC gives you the opportunity to gain a professional qualification while working in a professional environment. CVC will finance the training and offer you the support you need to study towards your Association of Taxation Technician's (ATT) qualification. After completing the ATT qualification, you will study towards the Chartered Institute of Taxation (CTA) qualification.

More information on both qualifications can be found at:

[www.att.org.uk](http://www.att.org.uk)  
[www.tax.org.uk](http://www.tax.org.uk)

### Prospects

Information on potential salaries leading from this choice of career path can be found at <http://www.taxation-jobs.co.uk/jobs/indirect-tax/>
